

# NEXT STEPS

Hillreed Homes will be submitting a planning application for the proposal in Autumn of this year. The application scheme will follow the guidelines and principles set out in the Development Brief and Masterplan, upon which your comments are invited.

All comments received will be reviewed and used to work up the detail of the scheme in the lead up to submission of the planning application.

**Hillreed Homes want your views and comments on the Development Brief and Masterplan.**

We would be grateful if you would complete our questionnaire before leaving. These are completed anonymously and will be used to inform the process of adopting the Development Brief.

Our representatives are on hand to discuss the proposals with you, to address any queries you may have and to provide any further information that you may require.

**Thank you for attending the exhibition, and thank you in advance for completing the questionnaire**
