Membership:

Councillors Lloyd Bowen, Charles Gibson (Chair), Kieran Golding, Alastair Gould, Carole Jackson, Rich Lehmann, Claire Martin, Ben J Martin (Vice-Chair), Hannah Perkin, Julien Speed and Terry Thompson and one vacancy.

Quorum = 3

Pages

Information about this meeting

*Members of the press and public can listen to this meeting live. Details of how to join the meeting will be added to the website by 2 September 2024.

Recording and Privacy Notice

Swale Borough Council is committed to protecting the security of your personal information. As data controller we process data in accordance with the Data Protection Act 2018 and the UK General Data Protection Regulation.

This meeting may be recorded. The recording will be retained in accordance with the Council's data retention policy and may be published on the Council's website. By entering the chamber and by speaking at a meeting, whether in person or online, you are consenting to being recorded and to the recording being published.

When joining a meeting online, your username will be visible to others in attendance. In joining the meeting you are consenting to us processing your username. You may use a pseudonym as your username but the use of an inappropriate name may lead to removal from the meeting.

If you have any questions about how we look after your personal information or your rights under the legislation, please email dataprotectionofficer@swale.gov.uk.

1. Emergency Evacuation Procedure

Visitors and members of the public who are unfamiliar with the building and procedures are advised that:

- a) There is no scheduled test of the fire alarm during this meeting. If

the alarm does sound, please leave the building quickly without collecting any of your possessions, using the doors signed as fire escapes.

- b) Assemble outside where directed. Await instructions before re-entering the building.
- c) Anyone who requires assistance in evacuating the building, should make themselves known during this agenda item.

2. Apologies for Absence

3. Declarations of Interest

Councillors should not act or take decisions in order to gain financial or other material benefits for themselves, their families or friends.

The Chair will ask Members if they have any disclosable pecuniary interests (DPIs) or disclosable non-pecuniary interests (DNPIs) to declare in respect of items on the agenda. Members with a DPI in an item must leave the room for that item and may not participate in the debate or vote.

Aside from disclosable interests, where a fair-minded and informed observer would think there was a real possibility that a Member might be biased or predetermined on an item, the Member should declare this and leave the room while that item is considered.

Members who are in any doubt about interests, bias or predetermination should contact the monitoring officer for advice prior to the meeting.

4. Minutes

To approve the [Minutes](#) of the meeting held on 29 February 2024 (Minute Nos. 702 – 712) and the [Minutes](#) of the meeting held on 15 May 2024 (Minute Nos. 19 - 20) as correct records.

5. Kent Local Transport Plan 5

6. Faversham Pools Briefing

7. Scrutiny of Waste Contract

8. Flooding in the Eastern Area

5 - 8

9. Matters arising from previous meetings

9 - 12

10. Public Forum

11. Reports/updates from Parish/Town Councils

12. Enhanced Bus Partnership - Swale Local Focus Group
13. Swale Traffic Forum
14. Local issues to be raised
15. Matters referred to Service Committee Chairs for consideration

Issued on Thursday, 22 August 2024

The reports included in Part I of this agenda can be made available in alternative formats. For further information about this service, or to arrange for special facilities to be provided at the meeting, please contact democratic.services@swale.gov.uk. Swale Eastern Area Committee Flooding Tracker

The below tracker is an attempt to note and track all flooding occurring across our communities, the responsible parties and what action has been taken so that we are better able to resolve these issues, identify any patterns and push for wider changes that might benefit everyone affected by flooding. If you have an instance of flooding in the Eastern area or an update on one of the locations listed below please contact Cllr Charles Gibson who will update the tracker as regularly as possible ahead of Area Committee Meetings.

Serial	Location	Notes	Who is Responsible	Last Action Taken	Outcomes
1	Abbey – Whitstable Road Rec	Run off from the recreation Ground is a contributing factor. Recent works have improved the situation but it is not solved.	Swale Borough Council	Remedial Action taken last Autumn.	
2	Abbey – Whitstable Road Bus stops	there are blocked drains that are completely impacted with earth. This contributes to the surface water flooding at the bottom of the road and also localised flooding near the bus stops. This system is untested	Kent County Council	Were Scheduled to be cleared by KCC 14/12/23 this did not occur	
3	Abbey – Church Road	This is largely due to heavy leaf shedding blocking the drains along the pavement. Needs more regular clearance with road sweeper in the autumn and more regular attention to the clearance of the drains.	Kent County Council	Repeatedly reported in autumn 23	
4	Abbey – Orchard Place	Surface Water flooding linked to Serial 1.	Swale Borough Council		
5	Abbey – Conduit street	Surface Water flooding repeatedly due to insufficient/blocked drains/gullies.	Kent County Council	Repeatedly reported.	
6	St Anns – Tanners Street	Towards South Road, surface water flooding due to inadequate drainage. The flooding when raining has shown no improvement in St Anne's Tanner Street to South Road. This maybe attributed to over hanging trees etc.	Kent County Council	Repeatedly reported. Drainage enquiry 737456	
7	St Anns/Watling – Forbes Road under bridge	floods badly in heavy rain in the dip under the bridge. There is clearly inadequate drainage in this area.	Kent County Council	Repeatedly reported	
8	St Anns – Curtis Way opposite				

	Stonebridge Pond				
9	St Anns – Oare Street/Western Link Road	Insufficient drainage/camber	Kent County Council		
10	Watling – Love Lane Cemetery	opposite the entrance to the cemetery often floods in heavy rain and takes some time to drain in the following days pushing cars out onto the opposite side of the road.	Kent County Council		
11	Watling – London Road	opposite the Ashford Road junction outside the entrance to the small group of houses that are offset from the road floods regularly in even light rain.	Kent County Council		
12	Watling – Ashford Road	whole of the Ashford Road from the new roundabout on the pavement site only has one drain which is inadequate drainage for the area.	Kent County Council		
Page 3 6	Teynham and Lynstead – Frogmal Lane	The residents at No: 42 reported their toilet again unusable for two days due to a "back up". No: 36 reports the manhole in his back garden overflowing and a disgusting smell in his ground floor bathroom. No: 37 reports an overflowing manhole. Contractors have been out on numerous occasions but are unable to provide a permanent fix. No: 43 reports sewage flowing into their rear garden from the manhole cover approximately every six months. The residents at No: 42 reported their toilet again unusable for two days due to a "back up". No: 36 reports the manhole in his back garden overflowing and a disgusting smell in his ground floor bathroom. No: 37 reports an overflowing manhole. Contractors have been out on numerous occasions but are unable to provide a permanent fix. No: 43	Sewage Works		

		<p>reports sewage flowing into their rear garden from the manhole cover approximately every six months. It is reported that raw sewage runs down Frogmal Lane approx twice a year and thence down the drives of the residents' houses. In heavy rain, there is always a flood in the adjacent orchard. Residents report wastewater coming out of the verge. The sewage works would appear to already be full and running at full capacity. Contractors on site have advised there is no ability to upgrade it. Not only does the plant itself need upgrading, but the underground pipework also appears to be failing. Tankers are having to be brought in to remove excess sewerage every two weeks.</p> <p>This is likely to get worse when 290 more homes are added and an upgrade is urgently required.</p>			
14	Teynham and Lynstead - Hempstead Lane, Tonge End	Every time it rains, the drains at the Tonge end of Hempstead Lane are unable to cope with the water run-off - and the roadway floods. This floodwater then has nowhere to go apart from down the driveway at The Old Mill, Church Road ME9 9AW. This in turn floods the entrance pathway to The Old Mill and waterlogs the embankment over the stream tunnel from Tonge Pond.	Kent County Council	Despite remedial works by KCC Highways, the drains continue to struggle - and the road is still flooded whenever it rains.	
15	Boughton and Courtenay – Staple street Crematorium	Continued run off issues	Kent County Council / Crematorium operators		
16	Boughton and Courtenay -	regularly flooded due to surface rain water and inadequate drainage.	Kent County Council		

	Fox Lane Selling station				
17	East Downs - Church Road ME13 0HL	Water runs down kettle hill road and Stalisfield road and floods the corner. Doesn't even have to be heavy rain. The drain is blocked solid with sludge from the banks etc. makes the corner quite treacherous especially at night	Kent County Council		

Eastern Area Committee Meeting September 2024 – Matters arising

No.	Item	Background	Progress on actions
1.	Flooding in the Eastern Area	<p>Members noted the tracking report on flooding issues in the Eastern area, compiled by Councillor Charles Gibson, the Area Committee Member lead on flooding. Councillor Gibson advised that he had been in touch with Southern Water (SW) to see what they could do to assist with the issues raised and he hoped to bring a fuller update to the next Area Committee meeting.</p> <p>Members were asked to continue to provide updates and information for the tracking report.</p> <p>It was agreed to invite SW to a future Eastern Area Committee meeting.</p> <p>Monitoring of the Faversham Recreation Ground/Whitstable Road works, carried out by KCC and SBC, continue.</p>	This matter will be discussed under Agenda Item 8.
2.	Earth bunds at Queen Elizabeth's Grammar School	A resident said he was concerned that the earth bunds at the Queen Elizabeth's Grammar School, Faversham, could alter the hydrology of the area.	An update has been given to the resident who raised this matter.

<p>3.</p>	<p>Conservation Area Reviews</p>	<p>The Conservation & Design Team report progress on Conservation Area Reviews to the Area Committees.</p>	<p>Faversham - Preston Next Conservation Area The Conservation Area appraisal was presented to the Policy & Resources Committee on the 7th of February 2024, where in it was unanimously agreed to adopt the proposed document along with the proposed Boundary changes. Next step is to finalise the document with the proposed changes and send notifications to the properties within the conservation area and to London Gazette. It is envisaged that the final adopted document will be updated on the Swale Borough Council (SBC) website by Autumn of 2024.</p> <p>Faversham- Town Conservation Area The Conservation Area appraisal was presented to the Policy & Resources Committee on the 20th of March 2024, where in it was unanimously agreed to adopt the proposed document along with the proposed Boundary changes. Next step is to finalise the document with the proposed changes and send notifications to the properties within the conservation area and to London Gazette. It is envisaged that the final adopted document will be updated on the SBC website by Autumn of 2024.</p> <p>Cellar Hill & Greenstreet Conservation Area On Historic England's advice, the proposed new conservation area along London Road which falls between Station Road and Lynsted Lane to the west of the existing conservation</p>
-----------	----------------------------------	--	---

			area, is being included in the current Cellar Hill & Greenstreet Conservation Area. The new revised document is out for public consultation since 24 th July scheduled to finish by 18 th September. So far 2 responses have been received. The Conservation Area review is scheduled to be presented to October 2024 Policy & Resources Committee.
4.	Household Support Fund	Members noted that the scheme had been successful but ceased at the end of March 2024 and no alternative funding had been identified so far. There were concerns about how people would cope once the Household Support Fund came to an end	It was announced at the Spring Budget that the Household Support Fund would be extended by six-months.
