1. Emergency Evacuation Procedure

Visitors and members of the public who are unfamiliar with the building and procedures are advised that:

- (a) The fire alarm is a continuous loud ringing. In the event that a fire drill is planned during the meeting, the Chair will advise of this.
- (b) Exit routes from the chamber are located on each side of the room, one directly to a fire escape, the other to the stairs opposite the lifts.
- (c) In the event of the alarm sounding, leave the building via the nearest safe exit and gather at the assembly point on the far side of the car park. Do not leave the assembly point or re-enter the building until advised to do so. Do not use the lifts.
- (d) Anyone unable to use the stairs should make themselves known during this agenda item.

2. Apologies for absence

3. Minutes

To approve the [Minutes](#) of the Meeting held on 7 October 2024 (Minute Nos. 311 – 328) as a correct record.

4. Declarations of Interest

Councillors should not act or take decisions in order to gain financial or other material benefits for themselves, their families or friends.

The Chair will ask Members if they have any disclosable pecuniary interests (DPIs) or disclosable non-pecuniary interests (DNPIS) to declare in respect of items on the agenda. Members with a DPI in an item must leave the room for that item and may not participate in the debate or vote.

Aside from disclosable interests, where a fair-minded and informed observer would think there was a real possibility that a Member might be biased or predetermined on an item, the Member should declare this and leave the room while that item is considered.

Members who are in any doubt about interests, bias or predetermination should contact the monitoring officer for advice prior to the meeting.

5. Public Session

Members of the public have the opportunity to speak at this meeting. Anyone wishing to present a petition or speak on this item is required to register with the Democratic Services Section by noon on Friday 29 November 2024. Questions that have not been submitted by this

deadline will not be accepted. Only two people will be allowed to speak on each item and each person is limited to asking two questions. Each speaker will have a maximum of three minutes to speak.

Petitions, questions and statements will only be accepted if they are in relation to an item being considered at this meeting.

SWALE JOINT TRANSPORTATION BOARD	
Meeting Date	2 nd December 2024
Report Title	Informal Consultation Results – Proposed Extension to Double Yellow Lines – Attlee Way, Sittingbourne
EMT Lead	Emma Wiggins, Director of Regeneration and Neighbourhoods
Head of Service	Martyn Cassell, Head of Environment and Leisure
Lead Officer	Mike Knowles, Seafront & Engineering Manager (SBC)
Classification	Open
Recommendations	Members are asked to note the results of the recent informal consultation with residents and recommend that a Traffic Regulation Order be drafted to extend the existing double yellow lines.

1 Purpose of Report and Executive Summary

- 1.1 This report provides details of the results of an informal consultation undertaken with residents of Attlee Way, Sittingbourne, on the proposed extension to the existing double yellow lines.

2 Background

- 2.1 Following a request from the Ward Member, via the County Member for the area, an informal consultation took place with residents on proposals to extend the existing double yellow lines on the north side of Attlee Way, Sittingbourne, from the junction of Satis Avenue to the junction of Foxgrove, including corner protection on the Foxgrove junction.

3 Proposals

- 3.1 The proposals, to be funded through the County Members' Grant, were requested to assist vehicle movements and improve sightlines for vehicles turning into Attlee Way by removing parked vehicles nearby.
- 3.2 A copy of the consultation material, which includes a plan of the proposals, can be found in Annex A, and the results of the consultation can be found in Annex B.

4 Alternative Options Considered

4.1 There were no alternative options considered at this stage.

5 Consultation Undertaken or Proposed

5.1 As stated above, an informal consultation took place with residents on the proposals, and a summary of the results of the consultation can be found in Annex B.

5.2 Of the 12 properties consulted, a total of 7 responses (58%) were received, with 6 (86%) supporting the proposed extension to the double yellow lines and 1 (14%) objecting on the grounds that the proposals would displace parked vehicles into adjoining roads.

5.3 In light of the majority support for the proposals, Members are asked to note the contents of this report and recommend that a Traffic Regulation Order is drafted based on the proposals. As part of the Traffic Order process, a formal consultation will be undertaken and any formal objections received will be reported back to the Swale Joint Transportation Board for further consideration.

6 Implications

Issue	Implications
Corporate Plan	Improving Community Safety through safer Highways.
Financial, Resource and Property	The cost of the Traffic Regulation Order will be funded through the County Members' Grant Scheme.
Legal, Statutory and Procurement	Should Traffic Regulation Order be progressed, a formal consultation will be undertaken as part of the statutory process.
Crime and Disorder	None identified at this stage.
Environment and Climate/Ecological Emergency	None identified at this stage.
Health and Wellbeing	The proposed extension to the existing double yellow lines in Attlee Way, Sittingbourne, should improve the safety of road users in the area by improving sightlines to the junction of Satis Avenue

	and Attlee Way. However, it is acknowledged that the introduction of any new waiting restrictions will invariably displace parked vehicles into surrounding areas.
Safeguarding of Children, Young People and Vulnerable Adults	None identified at this stage.
Risk Management and Health and Safety	None identified at this stage.
Equality and Diversity	None identified at this stage.
Privacy and Data Protection	None identified at this stage.

Proposed Extension to Double Yellow Lines Attlee Way, Sittingbourne

Following a request from the Local Councillor, proposals have been drafted to extend the existing double yellow lines on the north side of Attlee Way Sittingbourne, from the existing lines near Satis Avenue to the west of the Foxgrove junction. The proposals, to be funded through the County Members' Highway Grant, have been requested to assist vehicle movements and improve sightlines for vehicles turning into Attlee Way. Details of the proposals can be found on the plan overleaf.

We would be most grateful to receive your views as to whether you support or object to the proposals, and the responses received will be reported to the Swale Joint Transportation Board to consider at their next meeting. Please note that direct, individual responses will not be sent out in response to each questionnaire. At the end of the consultation a report on feedback will be compiled and this will be available on request.

Please e-mail your comments to us at engineers@swale.gov.uk or alternatively complete the reply slip below and return to Swale Borough Council Engineering Services, Swale House, East Street, Sittingbourne, Kent, ME10 3HT, by **Friday 1st November 2024**. A space has also been provided to allow you to add any further comments you may have. Thank you for taking the time to respond.

1		1	I have received a notification about an extension to the current double yellow lines. I feel this would be a mistake in the making. I live at the beginning of Satis avenue and we already struggle with being an overcrowded estate. The allocation for parking currently is horrendous, but come Sunday when everybody has family members around it's almost impossible to drive in and out of our close. By extending the double yellows, you threaten to put more cars down into the close making it worse for us. This is just one of the closes off of Attlee way that would be affected, this doesn't include the others aswell which would all feel the affects. Not to mention, you have left the other side of the foxglove junction unaffected, therefore the cars that currently use the road for parking would all be forced to park opposite the junction making it a danger for families on either side of the estate. I hope this plan is revised or cancelled through the lack of parking already available, and I'm sure many people in my close would strongly agree with me.
2	1		I would like SUPPORT the extension to the yellow lines in Attlee Way. Just to make it safer and stop cars screeching to a halt as they notice parked cars at the last minute.
3	1		Any other traffic calming measures in Attlee Way would be very much appreciated.
4	1		Yes I support this proposal. My views are that you are extending the lines to where I expected them to be when they were initially implemented. It has so far proved that the danger still exists , I feel the extension should improve the sight line of the vehicles . So I give my full support to this proposal.
5	1		I also support the introduction of permit parking. This would address the issues while allowing residents to park when needed. If double yellow lines are not taken forward, I suggest a consultation on permit parking.

Classification: Information Only

Summary: This report updates Members on the identified schemes approved for construction

1. Introduction

This report provides an update and summarises schemes that have been programmed for delivery in 2024/25 and 2025/26.

In summer 2021 Kent County Council published a Highways Asset Management Plan (HAMP), which included, as Appendix C, a five-year Forward Works Programme for the years 2021/22 to 2025/26. This reflected the need to move away from annual programmes and to consider asset management activity a multi-year one.

The first part of the programme concerned the two years 2021/22 - 2022/23. In October 2022 we replaced this with a programme covering the years 2022/23 - 2023/24, and we have now produced a new two-year programme covering the years 2024-25 – 2025-26. As before, most of the sites included in this programme have already been verified by our engineers.

The second part of our programme related to years three to five of our five-year programme (2023/24 - 2025/26). This too is in need of revision to cover the years 2026/27 - 2028-29 and the work required to do this is currently in progress. As before, our new years three to five programme will be largely based on data from our asset management systems, so may be subject to more changes as the schemes are verified.

This programme is subject to regular review and may change for a number of reasons including budget allocation, contract rate changes, inflationary pressures such as material price increases, conflicting works, and to reflect our changing priorities. The programme and extent of individual sites within the programme may also be revised following engineering assessment during the design phase, and additional sites may be added or others advanced if their condition deteriorates rapidly so that we need to react in order to keep the highway in a safe and serviceable condition.

Further information about how we manage our highway infrastructure, including our county-wide five-year forward works programme, may be found on our website:

<https://www.kent.gov.uk/about-the-council/strategies-and-policies/transport-and-highways-policies/managing-highway-infrastructure>

In addition to planned maintenance of our highway assets, this report includes transportation and safety schemes, developer funded works, Combined Members Grant schemes, and planned maintenance of public rights of way.

Appendix F – Bridge Works

Bridge Works – *Contact Officer: Helen Rowe*

There is no scheme undergoing in the Swale area at the moment.

Appendix G – Traffic Systems

There is a programme of scheduled maintenance to refurbish life expired traffic signal equipment across the county based upon age and fault history. The delivery of these schemes is dependent upon school terms and holiday periods; local residents, businesses and schools will be informed verbally and by a letter drop of the exact dates when known.

Traffic Systems - <i>Contact Officer: Toby Butler</i>		
Location	Description of Works	Current Status
Vicarage Road near Newbridge Avenue, Sittingbourne (05-0130)	Refurbish existing traffic signal-controlled crossing and convert to near-sided pedestrian facilities	Not Yet Programmed

Appendix H - Combined Members Grant programme update

Member Highway Fund programme update for the Swale District

The following schemes are those, which have been approved for funding by both the relevant Member and by Haroona Chughtai, Director of Highways and Transportation. The list only includes schemes, which are

- in design
- at consultation stage
- about to be programmed
- recently completed on site.

The list is up to date as of 29th October 2024

The details given below are for highway projects only. This report does not detail

- contributions Members have made to other groups such as parish councils
- highway studies
- traffic/ non-motorised user surveys funded by Members.

More information on the schemes listed below can be found by contacting the Highway Manager for the Swale District, Daniel Cannon-Skeet.

Details of Scheme	Status
Mike Baldock 24-SW-PAR-1568 School Lane, Iwade - Contribution towards a 20mph speed limit and school flashing wig wags during school time	Works Ordered

Appendix I – Road Markings

This year will see the commencement of a multi-year strategic lining programme for the renewal of road markings, focusing initially on the Resilient Highway Network and A road network, with a view to expanding this to the B road network in time (dependent on funding).

A five-year programme has been developed, and will be reviewed and sense checked annually, with input from local district teams to ensure this programme remains sensitive to local requirements.

The delivery of these schemes is weather dependent; should it prove not possible to carry out these works on the planned dates, new dates will be arranged.

Road Marking Renewal Programme – <i>Contact Officer: Jonathan Dean</i>			
Road Name	Parish/Town	Extent of Works	Current Status
A251 Faversham Road	Faversham	Between Salters Lane to A2	Programmed for January 2025
A2 London Road	Various	Between Lynstead Lane to A251 junction	Completed
