Local Plan Panel – 29 October 2018

Minute No. 291 – Responses to ‘Looking Ahead’ consultation

(1) That the report be noted, and the Cabinet be asked to agree Member steers, plus those listed at paragraph 3.1 (set-out below for information):

3.1 Members are invited to note this report on the consultation responses; to provide a steer to officers on the following issues; and recommend to Cabinet that these are agreed:

- i) The Panel is requested to consider whether officers should give further consideration to the use of minimum density standards.*
- ii) The Panel is requested to provide a steer to officers as to whether evidence should, in the first instance, be researched in respect of the optional technical standards for water, space and accessibility.*
- iii) The Panel is requested to provide a steer on whether other measures to increase the deliverability of brownfield sites should be considered.*
- iv) The Panel is requested to give a steer on the inclusion of a specific Air Quality policy in the Local Plan Review with the opportunity to promote technical guidance on air quality and planning.*
- v) The Panel is requested to consider whether officers should give further consideration to an evidence base on how the local plan can mitigate or adapt to overheating from rising temperatures as a result of climate change.*

Minute No. 292 – Revised National Planning Policy Framework and Implications for the Swale Adopted Local Plan and the Emerging Local Plan Review

(1) That the content of the report and the implications of the revised National Planning Policy Framework and Practice Guidance for the emerging local plan review; and adopted Local Plan policy be noted.
