### 1 Purpose of Report and Executive Summary

- 1.1 Section 15 of the Local Government and Housing Act 1989 requires Local Authorities to review the allocation of seats on committees at the annual meeting, or as soon as possible after it (set out in Appendix I). Once the Council has agreed the allocation of Committee places between the political groups the Council must then appoint the nominees of the political groups to the committees.
- 1.2 Political groups on the Council are formed in accordance with the Local Government (Committees and Political Groups) Regulations 1990 when 2 or more Councillors must notify the Proper Officer of their wish to be treated as a group.

### 2 Background

- 2.1 The following principles apply to the allocation of seats:

- (a) That not all seats on the body to which appointments are being made are allocated to the same political group;
  - (b) That the majority of seats on each Committee is allocated to a particular group if the number of persons belonging to that group is a majority of the authority's membership;
  - (c) Subject to (a) and (b), that, when allocating seats to a political group, the total number of their seats across all the ordinary committees of the Council, must reflect their proportion of the authority's membership; and
  - (d) Subject to (a) and (c), that the number of seats on each committee is as far as possible in proportion to the group's membership of the authority.
- 2.2 Sub-committees are also governed by the political balance rules, but it is not necessary to add up all the sub-committee seats and then allocate them in proportion. As far as this is predictable, the allocation of seats on each sub-committee should reflect the proportional representation of the political groups on the Council.
- 2.3 Each of the political groups are entitled to a certain number of seats on committees. This is based on their percentage representation on the Council as a whole, as detailed in Appendix I. This is then required to be manually adjusted to ensure that the number of seats allocated to a particular group matches and does not exceed their entitlement.
- 2.4 To ensure overall political balance the Green Party and Independent Group are required to gift seats as set out in Appendix I. There is one seat unallocated which the Council can decide to allocate to the ungrouped Member if it wishes to.
- 2.4 The Joint Transportation Board and the Local Plan Panel because their functions are Executive functions and their membership means that they are not committees covered by section 101 of the Local Government Act 1972 therefore section 15 of the LGHA does not apply.
- 2.5 Group Leaders have been requested to provide nominations to the places on committees to which their respective groups are entitled; this has been set out in Appendix II.
- 2.6 The Constitution authorises the Council to appoint the Chairmen and Vice-Chairmen of certain committees. The nominations to these positions are set out in Appendix III.

### **3 Proposal**

- 3.1 The Council is asked to agree the recommendations set out on page one of this report.

## 4 Alternative Options

- 4.1 Council can decide to change the number and size of Committees, however, this will have an impact on the number of seats available on the Council and will therefore require the political balance to be re-calculated to reflect this. Members are encouraged to make Officers aware in advance of the meeting of any proposals of this nature.

## 5 Consultation Undertaken or Proposed

- 5.1 All Group Leaders have been asked to advise Democratic Services of their nominations to seats on Committees for their respective Groups. This will be circulated at the Council meeting.
