### Legend

□ Swale Borough

#### Environment Agency defence condition

— Good

— Fair

— Poor

### Notes

Environment Agency defences are shown with a standard of protection which is against a 5% AEP event or more. Man-made and natural defences which may arise, for instance due to the presence of naturally high ground adjacent to a settlement, have been considered.

Formal structural defences are given a rating by the Environment Agency based on a grading system for their condition from very poor to very good. There were no defences in Swale with a rating of very good or very poor. The ratings are defined as below:

**Very Good** - Cosmetic defects with no effect on performance.

**Good** - Minor defects that will not reduce overall performance.

**Fair** - Defects that could reduced performance.

**Poor** - Defects that would significantly reduce performance.

**Very Poor** - Severe defects causing complete performance failure.
