### **Proposed Listing Criteria for Local Heritage List**

*‘Local Heritage Lists are a means for stakeholders, the community, and a local planning authority to jointly identify heritage assets that are valued as distinctive elements of the local heritage/identity of a place. It provides clarity on the location of assets and what it is about them that is significant. It can also play a key part in promoting the cultural identity of a place for various purposes, including investment and tourism.’* Local Heritage Listing Toolkit, Civic Voice

### **What is the purpose of a Local Heritage List?**

- To raise awareness of an area’s local heritage assets and their importance to local distinctiveness.
- To inform developers, owners, council officers and members about buildings within the local authority boundary that are desirable to retain and protect.
- To provide guidance and specialist advice to owners to help protect the character and setting of those buildings, structures, sites and landscapes.
- To help the council in its decision making when discussing proposals and determining planning applications.
- To record the nature of the local historic environment more accurately.

### **Selection Criteria**

The designation of ‘local interest’ shall apply to a building that meets one or more of the criteria given below provided that its historic form and qualities have not been eroded by unsympathetic alteration or extension. The selection criteria is based on those set out in the Good Practice Guide for Local Heritage Listing by English Heritage in 2012 and reflected in the 2016 edition by Historic England. Heritage assets designated by Historic England and featured on the National Heritage list will not be considered for inclusion on this list.
