

Proposed Double Yellow Lines - Cortland Close, Milton Regis

Response	Support	Object	Comments
1	1		The yellow lines are needed.
2	1		
3	0.5	0.5	I am emailing you in regards to proposed double yellow lines at Cortland Close and to express our feelings on the works to be carried out. We have no objection to double yellow lines to be outside houses numbered 2 and 14 as this would help the refuse lorries accessing the road, however, we are extremely against having double yellow lines placed outside of our home, number *. We feel they are unnecessary as since we have lived here we have never seen any cars parked outside our home. Due to being pregnant, the parking on the road outside of our home could be helpful when my parents come to stay. Furthermore, cars parked in this area do not block any access apart from our home. Therefore we feel they are completely unnecessary.
4	1		I support the proposed double yellow lines.
5		1	We worry that the yellow lines will push the parking round to opposite our houses making it harder to get on and off our drive as the road is narrow
