

CO-ORDINATION NOTE:

The information on this drawing is still subject to the final co-ordination of structure / sub-structure, M&E, FF&E and kitchen design and to review with the Building Control Body and the Fire Specialists.

It is also subject to more detailed information to be provided by means of specialist surveys, to depict a better picture of the existing and the works required. Results are awaited from the following surveys:

- building condition survey
- measured survey
- intrusive structural survey
- damp survey
- asbestos survey
- drainage CCTV

Refer to Architect's schedule of works and specifications for more details regarding the works on the individual elements.
Refer to M&E engineer for works on existing services and installation of new mechanical and electrical fixtures.
