

A249 Key Street and Grovehurst Road junction Improvements

Swale Joint Transportation Board – 20 June 2022

Updates to original report

- 2.11 – this should read 31 July 2024 NOT 31 July 2022
- 5.8 – this should read as follows:

As part of the HIF funding agreement there is a recovery strategy that will claw back developer contributions from developments that have a traffic impact on the Key Street and Grovehurst Road junctions and that would have been expected to contribute to the improvements. There is an expectation that this could raise in the region of £8.0m that will be used for the purposes of investing into much needed infrastructure necessary to mitigate against further future housing within the Borough of Swale.
