1 Purpose of Report and Executive Summary

- 1.1 This report asks the Policy and Resources Committee to agree the membership of the Planning and Transportation Policy Working Group based on the Groups’ nominations.

2 Background

- 2.1 Under Part 2.1.1.8 of the Council’s constitution, the Policy and Resources Committee must establish a working group to make recommendations to it on the following areas, to be known as the Planning and Transportation Policy Working Group:
- i. The development of planning policy including policies forming the local plan;
 - ii. Section 106 and community infrastructure levy;
 - iii. Building and development control;
 - iv. Transport; and
 - v. Land charges.

3 Proposals

- 3.1 The Planning and Transportation Policy Working Group will report to the Policy and Resources Committee, but its membership does not have to be drawn from the Committee. The political balance rules do not strictly apply to working groups, but the constitution sets out that they will operate in an open and transparent way and membership will be drawn from members who are from different political

groups on the Council and should be proportionate. The table below provides information on proportionality of Committee seats:

	Number of Members	Overall proportionality
Administration	30	63.83%
Cons Opp	12	25.53%
Lib Dem Opp	5	10.64%
Total	47	100%

- 3.2 In order to provide as much flexibility to service committees as possible in establishing working groups, the constitution does not specify a number of members to sit on such groups. It is therefore for the Committee to determine the number of members on the Planning and Transportation Policy Working Group.
- 3.3 It is notable that in the civic year 2022/23 the Planning and Transportation Policy Working Group was made up of 11 members (9 from administration groups and 2 from opposition groups). Based on the current proportionality, it may be that the Committee will wish to appoint the same number of members to the working group, noting that in order to be proportionate there should be 8 members from the administration, 2 from the largest opposition group and 1 from the smallest opposition group. It is usual for council committees, subcommittees and working groups to have an uneven number of members in order to reduce the likelihood of tied votes.
- 3.4 The Policy and Resources Committee is now **recommended** to determine the number of members who should sit on the Planning and Transportation Policy Working Group, and then to agree the membership of the working group based on the nominations as set out in Appendix I.

4 Alternative Options

- 4.1 The constitution obliges the Policy and Resources Committee to establish a Planning and Transportation Policy Working Group, so there are no meaningful alternative options.

5 Consultation Undertaken or Proposed

- 5.1 All Group Leaders have been asked to advise Democratic Services of their nominations to seats on the Planning and Transportation Policy working group.
