

**TABLED UPDATE FOR EXTRAORDINARY PLANNING COMMITTEE – 28<sup>th</sup> FEBRUARY 2024**

**23/503812/SUB – Land at Cleve Hill, Graveney**

Members will note from the main report that a large number of objections have been received in response to the application, including from parish councils, amenity groups and individuals. Some of these responses include detailed technical objections relating to battery safety.

The Council has employed a specialist battery storage and safety consultant to provide advice on the acceptability of the Battery Safety Management Plan, and their advice is attached in full to the main report. The consultant has also provided a review of the common battery safety concerns raised in the third party comments and this review is attached.

**RECOMMENDATION – that the Battery Safety Management Plan is Approved.**
