2. Vehicles	<p>2.4.2 In June 2019, the Council declared a climate and ecological emergency and committed to becoming a carbon neutral borough by 2030. The climate change and ecological emergency action plan contains an action to “promote business fleet decarbonisation, including the potential cost and reputational benefits” The timescale for this action is medium term which is completion between the end of 2023 and the end of 2027. In addition the Council’s Electric Vehicle Strategy (2022-2030) anticipates that the review of the taxi licensing policy will provide an opportunity to include mechanisms to encourage the uptake of ULEV taxis in the borough, in consultation with operators.” In working towards achieving these targets and goals, the council must consider the environmental impacts arising from its licensed taxis and private hire vehicles and seek to reduce the resultant carbon footprints. 2. Vehicles	<p>2.5.1 Within the Borough of Swale, both hackney carriages and private hire vehicles are required to display licence plates that are permanently fixed externally on the rear of the vehicle with Hackney plates being white, private hire being yellow and restricted private hire plates being green. This is a key feature in helping to identify vehicles that are properly licensed. The plate details Swale Borough Council as the Licensing Authority, the vehicle make, colour and registration mark, the number of passengers the vehicle can carry and the expiry date of the licence.</p> <p>2.5.4 New paragraph</p>	<p>2.5.1 Within the Borough of Swale, both hackney carriages and private hire vehicles are required to display licence plates that are permanently fixed externally on the rear of the vehicle with Hackney plates being white, private hire being yellow and restricted private hire plates being green. This is to avoid confusion and non-compliance with the conditions of a restricted private hire vehicle licence and a restricted private hire drivers licence.</p>	
2. Vehicles	<p>2.9 Contract Vehicles</p> <p>2.9.1 Previously there was no requirement for a vehicle to be licensed where it was used for a contract with an organisation/firm for a period of more than seven days for carrying passengers</p>		<p>Section 2.9.1 Deleted no longer relevant</p> <p>Sections 12.10 – 12.16 renumbered accordingly</p>

Any vehicles being used for a contract with one firm could not be used for any other contract or purpose during the period of that contract. This exemption has been repealed by provisions contained within the Road Safety Act 2006 that became effective in January 2008 and amended the Local Government Miscellaneous Provision Act 1976 (S.75), thus vehicles which previously took advantage of this exemption will now have to become licensed private hire vehicles.</p>

Drivers</p> <p>3.1 Licences</p>		<p>New paragraphs added 3.1.1 – 3.1.3 And following paragraphs renumbered</p> <p>3.1.1 In order to drive a hackney carriage or private hire vehicle, the driver must also be licensed by the same Council.</p> <p>3.1.2 Swale issue Dual Hackney Carriage and Private Hire Driver licences. <p>3.3 Driver Knowledge Tests</p>	<p>3.3.2 Hackney Carriage drivers require a greater knowledge than Private Hire drivers because their vehicles can be hired immediately at ranks or on the street. The DfT 2023 Guidance suggests that applicants for a private hire only licence should not have to undertake a topographical test. However, this causes the Council some concern. Whilst the Council recognises that as Private Hire vehicles must be pre-booked, therefore affording a Private Hire driver the opportunity to research the required route, it will still be necessary for any prospective driver to pass the Street Knowledge Test albeit with a lower pass mark.</p>

If a licence holder wishes to surrender their licence they should contact the Licensing</p>	

		Authority at the earliest opportunity as there will be circumstances where this may not be possible, for example, the Licensing Authority will not accept a surrender of the licence where concerns have been raised which could lead to enforcement action.	
3.13 Disability Training		<p>New paragraphs inserted in line with the DfT 2023 Guidance:</p> <p>3.13 Disability Training</p> <p>3.13.1 The Dft 2023 Guidance states that drivers should be trained in disability awareness and/or have their knowledge and skills assessed. Drivers should be encouraged, through targeted and general communications, to uphold the highest standards of customer service.</p> <p>3.13.2 Swale will therefore require that new applicants and existing drivers undertake training provided by an external company to learn or refresh skills which will include a module on drivers' responsibilities to passengers with disabilities.</p>
